Andy: Recipe Game

Find the three ingredients to create your favorite meal!

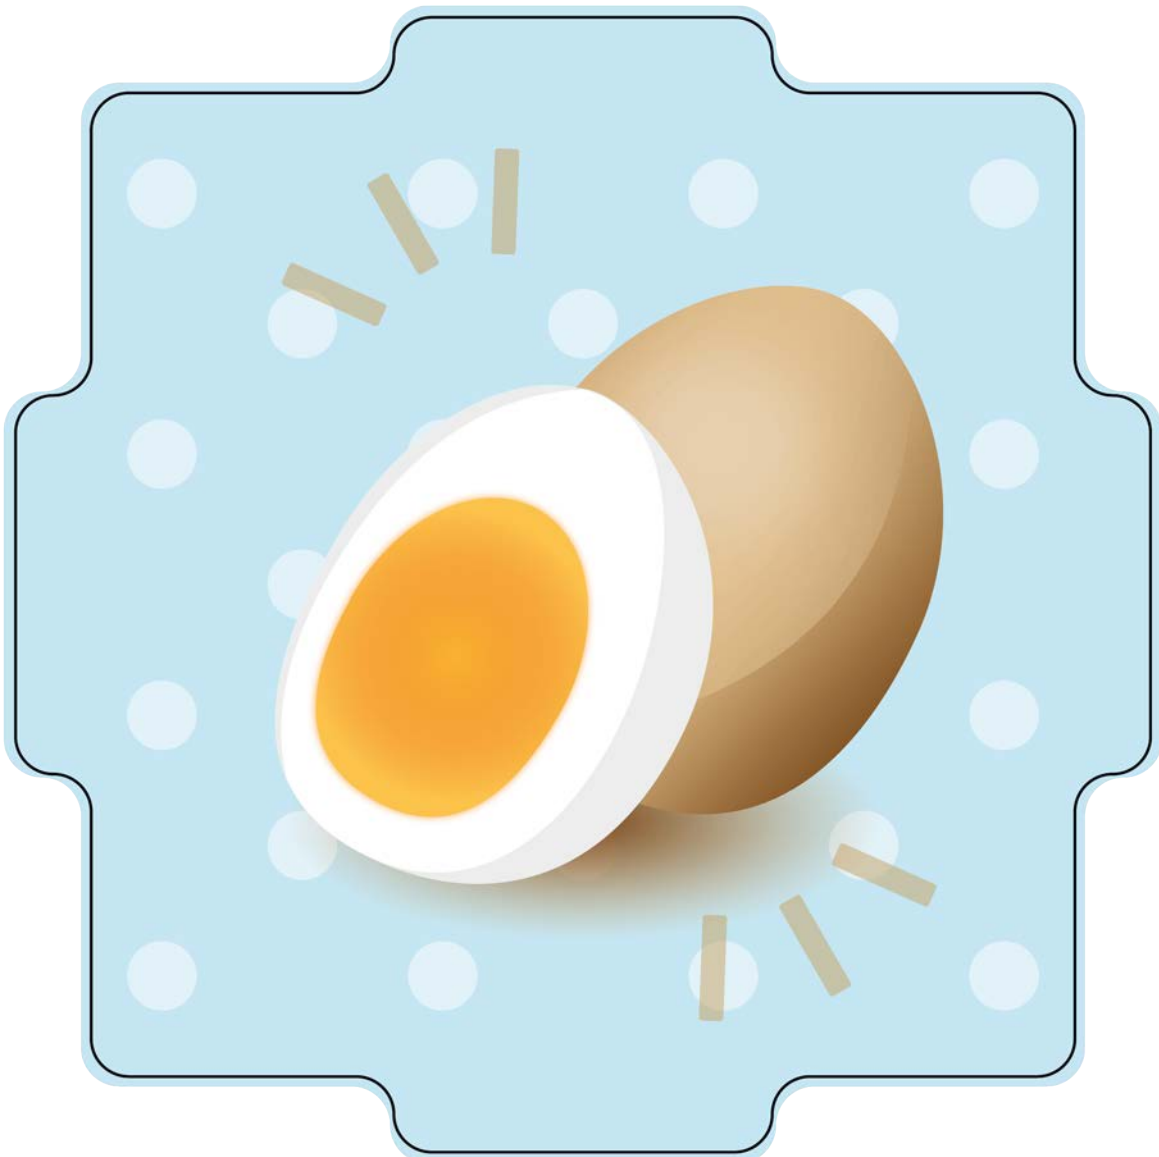

1. Choose a recipe card
2. Place the ingredients on the ground, creating a **3x3** board.
3. Use one of the cards included in Andy's original game as the starting square and place it next to the center square on either side. The child must program Andy to collect the ingredients indicated on the recipe card.
4. Center Andy on the starting card, and move the switch to the 15 cm position.
5. Press **GO** and then program the necessary moves. Program the pause button when you are on top of a card.
6. Press **GO** again to see how he performs the run.
7. Collect the ingredients and check if the recipe is correct.

Andy: Animal Game

Discover where your favorite animals live!

1. Choose one solution card
2. Place the animals on the ground, creating a **3x3** board.
3. Use one of the cards included in Andy's original game as the starting square and place it next to the center square on either side. The child must program Andy to collect the animals indicated on the solution card.
4. Center Andy on the starting card, and move the switch to the 15 cm position.
5. Press **GO** and then program the necessary movements. Program the pause button when you are on top of a card.
6. Press **GO** again and see how he follows your orders.
7. Collect the animals and check if the solution is correct.
