Word Score: Add up the points on the letter dice used in your word.
Subtotal: Multiply your word score by the number of target letters in your word.
Bonus Points: A five-letter word scores 5 bonus points.
A six-letter word scores 10 bonus points.
A seven-letter word scores 25 bonus points.
Round Score: Add your bonus points to your subtotal.
Total Score: Add your round score to the previous total score.
