<input type="radio"/>	2	Adapter	4	726603
<input type="radio"/>	3	Track	2	726605
<input type="radio"/>	4	Track bridge	1	726606
<input type="radio"/>	5	Trampoline frame	1	726643
<input type="radio"/>	6	Trampoline band	1	726644
<input type="radio"/>	7	Metal marble	2	726604

Good to know!

You can reorder extra nano-adhesive pads and metal marbles from our website.

You will also need a Gecko Run Starter Set. Its instructions contain all the information about the components and the instructions for safe handling of the Gecko Run parts.

WARNING!

Not suitable for children under 3 years. Choking hazard — small parts and small balls may be swallowed or inhaled. Keep the packaging and instructions as they contain important information.

YOUR NEW TRICK

Trampoline

The trampoline makes your marbles bounce and fly. To prepare, stick two nano-adhesive pads to the back of the trampoline, then remove the thin foils from the nano-adhesive sides. Then, stretch the trampoline band around the frame.

TIPS AND TRICKS

Set up a small test track to get a feel for the trampoline's bouncing abilities. Combine the trampoline with the funnel from your starter set to increase your chances of catching the flying marbles.

How to care for your trampoline

- Remove the trampoline band from the frame if you will not be playing with it for a while.
- Do not expose the band to bright sun or high temperatures for extended periods of time.

★ TIP

YOU DO NOT ALWAYS HAVE TO MOUNT YOUR TRAMPOLINE HORIZONTALLY. YOU CAN HANG IT DIAGONALLY OR UPSIDE DOWN. IF YOU HANG IT AS SHOWN, IT WILL SEND THE MARBLE TO THE LOWER TRACK.
