*Good to know!*

You can reorder extra nano-adhesive pads and metal marbles from our website.

You will also need a Gecko Run Starter Set or Deluxe Starter Set. Its instructions contain all the information about the components and the instructions for safe handling of the Gecko Run parts.

### WARNING!

Not suitable for children under 3 years. Choking hazard — small parts and small balls may be swallowed or inhaled. Keep the packaging and instructions as they contain important information.

## YOUR NEW TRICK

### Spinners

The spinners offer a whole range of new possibilities to expand your runs. But before you can get started, you'll need to stick nano-adhesive pads to the back of the circle adapters. Then push the spinners onto the circle adapters.

## TIPS AND TRICKS

Build a small test track to get a feel for the characteristics of the spinners. Try the spinners one at a time.

Experiment more with the spinners. Test what happens when the marble enters the spinners from different directions and at different speeds. You'll notice that the speed and direction that the spinners turn depend on the marble's speed and direction, and they will also affect how the marble continues down the tracks.

## TIP

YOU CAN ALSO USE THE SPINNERS TO ADD A SECOND MARBLE TO THE TRACK WHEN THE FIRST MARBLE REACHES IT. TO DO THIS, CLAMP A MARBLE BETWEEN A SPINNER AND A TRACK BEFORE STARTING YOUR RUN.
